

Release Cover Letter

5930 Runolfsson FlatWinfordchester, UT 32943-1849

Dear Sutton Bogisich,

I am excited to be applying for the position of release. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for coaching and development on tools and process; act as mentor in field of expertise (either within the team and/or across the wider Barclays Tech Team).

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience using of the following scripting languages, application development languages, automation tools, or web programming framework
- Deep understanding of application release engineering, application debugging, and application life-cycle process management
- Experience building software for mobile or embedded systems ideally both
- Comfortable working in at least one scripting language (Python, Bash, Perl, Ruby)
- Able to maintain momentum on long-term projects despite interruptions
- Comfortable working with and directing a geographically distributed team
- Working knowledge of Microsoft Team Foundation server, release Management Process
- Advanced knowledge in GIT Source Control Branching model

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Rory Bahringer
