

# Reporting Lead Cover Letter

4669 Randell Camp Hanefort, DE 29156-8918

**Dear Rory Abshire,**

I submit this application to express my sincere interest in the reporting lead position.

Previously, I was responsible for actuarial services related to the reserving and financial reporting of Life and A&H products on a Canadian and US GAAP basis.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Proven and effective Communication skills at all levels in the Organization and with targeted audience (CFO/CEO and Senior Business Leaders)
- Knowledge of core reporting systems, ideally Hyperion / Workday
- Regulatory reporting and people management experience preferred
- Exhibit understanding of regulatory reporting and guidelines
- Proficient in Microsoft Office Suite of Products especially excel and basic background in regulatory reporting software
- Review regulatory updates and document implications on local regulatory requirements
- Develop detailed understanding of legal entity structure and purpose including the various products offered to customers and transacted on for the banking entity
- Respond to various regulatory reporting requests, providing analysis and regulatory guidance where applicable

**Thank you for your time and consideration.**

Sincerely,

Finley Wisozk
