

Research Assistant / Associate Cover Letter

366 Trudi Crossing Olsonfurt, UT 14187-9554

Dear Casey Feest,

I am excited to be applying for the position of research assistant / associate. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for administrative support to the Director of Research, Director of Research Funding, Director of Impact and the School Research Committee, setting the agenda, preparing papers, servicing meetings and following up on action points.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience with standardized surveys & interviews
- Experience with behavioral coding
- Experience working with high-risk families
- Experience working with foster families
- Experience with home interviews
- Experience with neurobiological measures (i.e., RSA & PEP, high density EEG/ERP, blood draws, fMRI)
- Demonstrated potential to establish an independent program of research (for the Assistant Professor rank)
- Scholarship and funding credentials that support the rank of either research assistant professor, research associate professor, or research professor

I really appreciate you taking the time to review my application for the position of research assistant / associate.

Sincerely,

Blake Boyle
