

Research & Development Intern Cover Letter

681 Elton Falls Bruenfurt, IL 00135-1804

Dear Corey Schiller,

Please consider me for the research & development intern opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for project leadership for mixed-signal audio products by working with cross functional silicon development teams to meet internal and customer commitments.

Please consider my qualifications and experience:

- Learn to raise and address scientific problems
- Learn to search/understand scientific literature
- Draft scientific study protocol
- Learn/conduct experiments related to the study protocol
- Learn/operate instrument related to the study protocol
- Collect, interpret and present scientific results
- Summarize/discuss scientific results
- Prepare a summary report and a poster at the end of the program

Thank you for your time and consideration.

Sincerely,

Sawyer Baumbach
