

Research & Development Intern Cover Letter

9801 Laura StreamAlonzoburgh, AR 34364

Dear Hayden Yost,

I am excited to be applying for the position of research & development intern. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for support for the design and implementation of impact evaluations of IDB's operations including data collection, documentation and processing.

Please consider my qualifications and experience:

- Students that takes lead
- Students who are fluent in English
- Exceptional knowledge and proven proficiency in C++ and MS Visual Studio
- Basic knowledge in medical imaging and image processing
- Experience in Python and MeVisLab
- Knowledge and experience on impression materials preferred
- Experience with Opto-Mechanical Systems (use, design, testing)
- Enroled student in relevant studies

Thank you for your time and consideration.

Sincerely,

Lennon Donnelly
