

Research Director Cover Letter

582 Hartmann FerryWest Demetriustown, ME 62730

Dear Stevie Reinger,

I am excited to be applying for the position of research director. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for research team-focused training and consultation sessions such that the research team is enabled to manage their own research data.

Please consider my experience and qualifications for this position:

- Experience in customer relationship management with Voice of the Customer (VOC) focus highly preferred
- Demonstrated experience in building and leading a technical organization highly preferred
- A record of successful delivery of software applications as a manager
- Management experience leading a team and managing people
- An understanding of CI/CD, code repositories, and software development tools
- Demonstration of research project management skills, and able to prioritize multiple tasks and goals to ensure the timely, on-target and within-budgets research projects
- Familiarity with a full range of qualitative and quantitative research methods, both via traditional modes developing areas such as social networks, observational tools and online communities
- Management and supervisory experience, and a thorough understanding of the strategic and execution aspects of clinical research

Thank you for your time and consideration.

Sincerely,

Azariah Stamm
