

# Research Director Cover Letter

3378 Katherin AlleyCorwinside, UT 15589-6987

**Dear Royal Block,**

I am excited to be applying for the position of research director. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for directional oversight of all market research projects (inline and pipeline), secondary business data projects, competitive intelligence, and managed market research initiatives.

Please consider my experience and qualifications for this position:

- Serves as project sponsor for small mod and/or DEV IT projects that deliver enhancements and/or new capabilities to research infrastructure
- Expert knowledge of quantitative research techniques and their application to business issues
- Passionate about Member experience and insight generation
- In-depth understanding of HTA/reimbursement and market access needs in key global markets
- BS Engineering/Physics/equivalent
- Good interpersonal and communication skills will be particularly important due to the collaborative nature of this job
- Proficiency with Microsoft Office Excel, PowerPoint and Word
- A proven track record managing teams of scientists and engineers in the context of applied research projects

**I really appreciate you taking the time to review my application for the position of research director.**

Sincerely,

Azariah Altenwerth
