

Research Financial Analyst Cover Letter

5486 Hermine WellChuckfurt, MO 96483-9883

Dear Greer Hilll,

Please consider me for the research financial analyst opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for real-time oversight of USAMRMC-supported research protocols through timely documented reviews of protocol lifecycle actions to assure ongoing compliance with all applicable Federal, DoD, DA, state, host nation, and USAMRMC human subjects protection regulatory requirements.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Understanding of Generally Accepted Accounting Principles and Federal Administrative Regulations
- Interest in health care and/or public health is preferred
- Experience with government contracts and an understanding of the principals of survey research preferred
- Experience in problem analysis and testing with an emphasis in healthcare and/or business applications
- Requires extensive collaboration with Office of Sponsored Research and Office of Grant and Contract Accounting staff PI's
- Solid understanding of economic, financial, insurance and general business concepts and terminology
- Good understanding of banking concepts and knowledge of financial products and/ or banking operations
- Sound knowledge of banking industry issues and competitive trends

Thank you for considering me to become a member of your team.

Sincerely,
