

Research Manager Cover Letter

91432 Frances HeightsMartinshire, AK 74234-5607

Dear Gray Klocko,

I would like to submit my application for the research manager opening. Please accept this letter and the attached resume.

Previously, I was responsible for analytical support to clinical development and operations team to inform clinical trial design and optimize site selection, patient enrollment and clinical trial operational efficiency.

My experience is an excellent fit for the list of requirements in this job:

- Post Launch Tracking
- Packaging Research
- Extensive database and systems management experience
- Excellent organization, communication, interpersonal, financial management, proofreading and editing skills
- Project management experience with proficiency with Microsoft Word and Excel
- Demonstrated excellent writing and communications experience
- Knowledge of all areas of research (including design research, market research and quantitative research)
- Experience with advertising research

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Blake Blanda
