

Research Senior Manager Cover Letter

4905 Kandace MewsRathstad, NV 11765-1503

Dear Drew Jerde,

I would like to submit my application for the research senior manager opening. Please accept this letter and the attached resume.

Previously, I was responsible for brand's management teams with a multiplatform view of performance across all platforms, especially out digital platforms;

Please consider my qualifications and experience:

- Work Experience showing strong familiarity with the executional elements and design experience of qualitative research such as screener development, recruitment management, facility management and qualitative research techniques and methodologies
- Work well in team environment with senior and junior colleagues
- Excellent understanding of modeling and data management tools (eg
- Experience working in a matrix work environment
- Confident presenter and facilitator – able to corral a senior audience
- An interest in online and face to face qualitative research
- Firm understanding of intellectual property rights as gained through implementation of research-related agreements, technology transfer-related agreements and/or patent analysis/protection activities
- Direct scientific involvement in laboratory research

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Greer Strosin
