

Research Senior Manager Cover Letter

8957 Hyatt Flats New Annie, OR 63692-9351

Dear Brooklyn Kuhlman,

I would like to submit my application for the research senior manager opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for clear and concise insights based on a balance of empathetic and direct research methodology including primary and secondary, qualitative and quantitative.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Strong proficiency in multivariate statistics and use of statistical packages (R, STATA, etc)
- Excellent oral and written communication skills, including solid command of grammar and usage
- Proven experience in developing and implementing varied research designs
- Strong knowledge of machine learning and strong mathematics background
- Explicit (industry or academic) experience with question answering systems and/or semantic parsing
- Expertise with deep learning frameworks (TensorFlow, PyTorch, Theano)
- Previous experience working with CPG clients preferred
- Familiarity with the acquisition of analysis and advisory services for the Air Force

Thank you for considering me to become a member of your team.

Sincerely,

Ryan Kozey
