

# Research Senior Manager Cover Letter

885 Schiller MountainsPort Columbus, ME 59246

**Dear Sutton Towne,**

I would like to submit my application for the research senior manager opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for guidance and direction related to research studies to investigators, research personnel, and subjects, from initial protocol design to completion of study and close-out report.

Please consider my qualifications and experience:

- An understanding of the role of digital and technology in disrupting industries and businesses
- Proven record when it comes to inclusion, diversity and all aspects of people/leadership skills
- Strong communications skills (focus on actionable intelligence)
- Experience with analytics tools such as Looker, Omniture, social listening tools, and syndicated research data/tools
- Passionate about digital media and audio landscape, thrives on the challenge of "creating stories" with raw data, and has a firm understanding of digital audience measurement and research best practices
- Detail-orientation with haste
- Experience applying light statistics to solving business problems
- Experience leading and developing growth of other team members

**I really appreciate you taking the time to review my application for the position of research senior manager.**

Sincerely,

Bellamy Schiller
