

# Research Study Assistant Cover Letter

9113 Kiehn Falls East Kenyaside, AZ 07205

**Dear Avery Nicolas,**

I would like to submit my application for the research study assistant opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for writing and editorial assistance in the preparation of grants, manuscripts and other study related documents (protocol, human subjects' protections, etc).

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience in a psychophysiological or dyadic interactions lab (e.g., experience working with autonomic nervous system data and/or coding verbal and non-verbal data)
- Strong analytical skills (e.g., experience with SPSS, R)
- Comfort with vulnerable populations including pregnant women and those with mental health issues
- Knowledge of terminology in medicine and/or psychiatry/psychology
- Strong working knowledge of library catalog, databases & MaxGuides
- Proficient using good database search strategies
- Proficient with REDCap and SPSS
- Background in psychology, neuroscience or related field

**Thank you for taking your time to review my application.**

Sincerely,

Tatum Mayert
