

Research Study Assistant Cover Letter

806 Kshlerin Lodge Earlburgh, WI 64135-4959

Dear Royal Strosin,

I am excited to be applying for the position of research study assistant. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for guidance to investigators regarding compliance with institution, state, and federal regulations for the responsible conduct of research, including research that involves human subjects and vertebrate animals.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Previous experience in a research setting involving children, adolescents, and their parents
- Proficiency in using web-based database platforms including REDCap, and strong computing skills using Microsoft Office (Word, Access, Excel, and Power Point)
- Demonstrated knowledge of DSM-V criteria and experience in integrating data gathered from clinical diagnostic interviews into these criteria
- Some college education in relevant field preferred
- Knowledge of trauma informed principles, restorative justice theory preferred
- Educational background in biology, science, or health-related field
- Knowledge of digital mental health programs
- Knowledge of or experience with working with patients with common mental health problems

Thank you for considering me to become a member of your team.

Sincerely,

Bellamy Koelpin
