

Research Study Assistant Cover Letter

761 Smitham WellRosalindmouth, UT 21651-7809

Dear Peyton Pfannerstill,

I would like to submit my application for the research study assistant opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for human subjects protection knowledge and expertise to help facilitate ethical review and ensure regulatory compliance within the Center and at participating CINJOG/multi-center sites.

My experience is an excellent fit for the list of requirements in this job:

- Support other investigators with their respective studies as needed
- CPR certification (can be completed after hire)
- Facile with technology and use of prototype imaging tools
- Performs duties in a timely fashion
- Greet research participants, usher participants to the correct room after randomization to a training method
- Lead participants through assigned training method and ensure all participants complete the 30-second HO CPR evaluation
- Proactive work habits, anticipates contingencies, and pays attention to detail
- Targets projects or initiatives that require special attention and focuses on key tasks when faced with limited time and/or resources

I really appreciate you taking the time to review my application for the position of research study assistant.

Sincerely,

Dylan Corkery
