

Rolling Stock Cover Letter

40195 Trantow Village Gracielahaven, NY 92187-7642

Dear Tyler Brakus,

I submit this application to express my sincere interest in the rolling stock position.

In my previous role, I was responsible for design input relating to interfaces between rolling stock and other system elements such as track, signaling and communications.

My experience is an excellent fit for the list of requirements in this job:

- Participate in the modification industrialisation with the Engineers
- Implementation of modifications according to the modification file following state-of-art and best practice
- Ensure the test of the modification's
- Ensure validity and certification of relevant tools
- Populate relevant modification follow-up data base
- Perform quality self-control
- Provide support in commissioning activity
- Electro / Mechanical Technician diploma with relevant licenses if appropriate

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Phoenix Stanton
