

# Room Manager Cover Letter

33527 West PointsNew Clint, UT 25079-2074

**Dear Peyton Hoppe,**

In response to your job posting for room manager, I am including this letter and my resume for your review.

In my previous role, I was responsible for leadership to the front of the house team members ensuring execution of all duties to guarantee a maximum quality customer dining experience in a quality work environment.

Please consider my experience and qualifications for this position:

- Submits data for annual PPR, corrective action plans and clinical performance metrics
- Articulates patient care standards as published by Joint Commission, CMS and other regulatory agencies
- Supports initiatives to incorporate research and evidence based practice knowledge
- Experience opening a healthcare contract food service account is preferred
- Manage control of physical access to computer room facilities and racks globally
- Manage control of asset inventories and component lifecycles provide vendor management to control costs and maintain contracts
- Provide and maintain data cabling and associated standards and documentation within computer rooms and related office network and end-user computing infrastructure facilitiesDesign, monitor and control heat dissipation through the strategic placement of key infrastructure
- Provide access and support to operational infrastructure staff

**Thank you for your time and consideration.**

Sincerely,

Corey Kovacek
