

Safety & Health Manager Cover Letter

4318 Lilliana Trafficway East Houston, PA 18193

Dear Jordan Marks,

I submit this application to express my sincere interest in the safety & health manager position.

Previously, I was responsible for information and interpretations regarding health and safety legislation, Cirque du Soleil company policies and programs in order to ensure show compliance;

Please consider my qualifications and experience:

- Excellent time management and prioritisation capabilities in a dynamic environment
- Understanding of risk management associated with complex, multi-disciplined operations and projects
- Relevant health and safety certificates and or diploma
- Construction, General Industry or Industrial Hygiene safety background or related environment commensurate with the requirements for Construction Health Safety Technician (CHST) or Occupational Health & Safety Technologist (OHST)
- Experience in development of Activity Hazard Analysis
- Highly skilled in conference call technology to support the Director of Safety
- Assist the Workers' Compensation Manager as needed
- Proven experience with pertinent regulatory standards and codes OSHA, JCAHO, NFPA

I really appreciate you taking the time to review my application for the position of safety & health manager.

Sincerely,

Avery West
