

# Safety & Health Manager Cover Letter

513 Trey Summit East Eldonville, VA 21057-9365

**Dear Tatum Buckridge,**

In response to your job posting for safety & health manager, I am including this letter and my resume for your review.

In my previous role, I was responsible for strategic direction and technical guidance to management, supervisors and employees and assist in developing policies, programs, and procedures for occupational safety, health, environmental and regulatory compliance at the facility.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Significant prior experience leading a progressive and successful H&S program in a large and geographically diverse organisation
- Practical working knowledge of Health and Safety tools and techniques, ideally within a Facilities Management, Real Estate and Engineering environment
- Demonstrated acumen in safety program management
- Strong organizational skills, information management proficiency and collaborative style
- Chartered or Chartered Fellow membership of IOSH (CMIOSH/CFIOSH)
- Call Centres
- High rise non-domestic premises
- Proven technical knowledge and understanding of Health & Safety (UK & Europe) within a corporate environment

**I really appreciate you taking the time to review my application for the position of safety & health manager.**

Sincerely,
