

Safety & Health Specialist Cover Letter

6058 Sammy Ridge South Lilliamouth, ND 15339-9851

Dear Campbell Schmeler,

I would like to submit my application for the safety & health specialist opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for guidance and technical expertise to Plant Management to ensure compliance with Safety, Health and Environment regulations.

My experience is an excellent fit for the list of requirements in this job:

- Working knowledge of the various functional areas and their role in the organization, including operating procedures of the Company
- Working knowledge of federal, state and local regulations, working knowledge of the various functional areas of a water utility, so as to develop and implement appropriate risk management activities associated with departmental goals
- Primarily limited to within Region
- Principles of Industrial Safety
- Fundamentals of Industrial Hygiene
- Root cause investigation methodologies
- Job safety analysis / risk assessment techniques
- Basic knowledge of H&S Regulatory requirements

Thank you for your time and consideration.

Sincerely,

Greer Bradtke
