

Safety & Health Specialist Cover Letter

78311 Raul RadialJohnniemouth, VA 15513

Dear Story Lueilwitz,

Please consider me for the safety & health specialist opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for technical/professional support regarding applicable safety and process safety regulations, metrics and/or incident tracking.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Knowledge of training deployment and Standard Operating Procedure (SOPs) development
- Knowledge of cGMP, GDP, Regulatory standards (OSHA, EPA, NFPA, ANSI, FDA, BSI)
- Exceptional interpersonal, communication, collaboration and time management skills
- Demonstrated capabilities in Microsoft Office (excel, word)
- Knowledgeable with SMARTS, CERS, AQMD, DTSC and EPA reporting systems
- Supporting Environmental Engineering support duties as needed
- CSP, CIH, PE or equivalent certifications
- Technical or other relevant education ideally in occupational safety, industrial hygiene, environmental discipline

Thank you for considering me to become a member of your team.

Sincerely,

Alexis Beer
