

# Salesforce Business Analyst Cover Letter

13342 Torp LightRogahnchester, IN 84413-0809

**Dear Baylor Kautzer,**

Please consider me for the salesforce business analyst opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for project Management skills to lead the build out of key initiatives utilizing Salesforce Service Cloud technology platform.

Please consider my experience and qualifications for this position:

- Salesforce Platform App Builder certification preferred
- Extensive familiarity with development lifecycle from technical documentation to development to testing
- Working knowledge of data modeling, user interface, business logic, and security for custom applications, including user permissions and profiles
- Implementation and maintenance experience with Salesforce custom objects, workflows, and triggers
- Experience with custom applications using Apex and Visualforce, Salesforce API's, and Salesforce partner integrations, particularly financial applications and eBusiness/payment applications
- Proficiency in Salesforce data migrations, data cleansing, technical and data transfers across environments, Salesforce reporting, and support of Salesforce dashboards
- Familiarity with Salesforce design best practices and implementation protocols
- Strong understanding & experience with Salesforce and/or Service Cloud

**Thank you for your time and consideration.**

Sincerely,

Max Schumm
