Salesforce.com Developer Cover Letter

5296 Delana PlainsPort Victorburgh, IA 44735

Dear Cameron Nienow,

Please consider me for the salesforce.com developer opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for integration architecture guidance to functional teams to build functional designs, prepare the technical design based on specifications.

My experience is an excellent fit for the list of requirements in this job:

- Experience in Salesforce Development, Apex, Trigger
- Experience working in at least one of Sales or Service cloud
- Experience working in Community cloud
- Experience utilizing Salesforce APIs (SOAP/REST) and HTTP web callouts
- Experience with Integration Patterns
- Experience with jQuery , Css, Html , JavaScript, JSON and frameworks such as Angular/Backbone on Force.com
- Experience with source code management & deployment automation for salesforce/Force.com
- Experience with Salesforce toolsets (Force IDE, Ant)

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Frankie Ullrich
