Dear Reese Jacobson,

In response to your job posting for salesforce.com developer, I am including this letter and my resume for your review.

In my previous role, I was responsible for recommendations for application component, architecture design and product evaluation for LifeRay based portal platform.

Please consider my qualifications and experience:

- Experience with Salesforce.com administration is preferred
- Expertise integrating Salesforce.com with internal and third-party systems
- Experience using Change Sets
- Strong understanding of SDLC and software development methodologies such as Agile
- Working knowledge of relational databases is preferred
- Development experience with web applications deployed in complex, multi tiered environments
- Sitecore expertise is preferred
- Experience developing Salesforce.com reports and dashboards

Thank you for taking your time to review my application.

Sincerely,

Jordan Hirthe
