

# Sample Technician Cover Letter

70948 Lesch GardenPort Thanh, AL 90128

**Dear River McKenzie,**

I would like to submit my application for the sample technician opening. Please accept this letter and the attached resume.

Previously, I was responsible for training in the assembly, operation, and maintenance of the new product and advice regarding technical design concepts and assist sales in technical presentations and applications of the product.

My experience is an excellent fit for the list of requirements in this job:

- No previous sample collection experience necessary
- AALAS certification desirable
- Resourceful and collaborative approach in solving problems
- Read, understand and comply with SOPs
- Concentrate, focus, and be attentive to details
- Work under medium to high stress level
- Work upright, bend and use hands and arms repetitively to perform moderate physical work duties
- Knowledge of analytical chemistry and skills to critically read, interpret, and perform techniques and procedures for analysis of biological samples as described in the Standard Operating Procedures

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Tatum Brekke
