

SAP ABAP Developer Cover Letter

5858 Gusikowski WalkSchultzburgh, WA 39732

Dear Emery Watsica,

I submit this application to express my sincere interest in the SAP ABAP developer position.

Previously, I was responsible for programming expertise, usually as a member of a project team, in the analysis, design, and development of SAP reports, interfaces, business forms, conversions, and user exit's.

My experience is an excellent fit for the list of requirements in this job:

- Experience in the areas of ABAP, ABAP OO, IDOCS, Variant Configuration and 3rd party platform integration (HTTP, web services)
- Smart Forms and SAP Script are preferred
- Experience with SAP integration technologies (HTTP, web services)
- Comfortable working with non-SAP technologies
- Interest and/or experience in Fiori, OData, JavaScript, HTML5 is preferred
- Experience with code reviews and performance tuning applications
- IS-U (Device, Equipment, Functional location, Notifications, Enhanced Message Management Application,), CRM and Workflow
- SAP EHS Health and Safety module knowledge for upcoming EHS project work

Thank you for considering me to become a member of your team.

Sincerely,

Lennon Beer
