

SAP Basis Cover Letter

279 Beer ExpresswayNorth Oneida, NE 46579-6049

Dear Azariah Cartwright,

I submit this application to express my sincere interest in the SAP basis position.

Previously, I was responsible for support with a strong knowledge of SAP, Oracle, Windows and UNIX infrastructure dependencies.

Please consider my experience and qualifications for this position:

- Prepare and deploy new OS images for VM
- Maintain and improve our virtualization environment (Hyper-V)
- Configure, monitor & extend our backup schedule & tape management
- Prepare and produce documentation of the SIL infrastructure
- Experience with designing and implementing Windows Failover Cluster (HA) and Disaster Recovery solutions for SAP landscape
- SAP TDMS, Xi/PO, and Redwood BPA preferred
- Knowledge of Maintenance Optimizer, Solution Monitoring, CUA, Java stack administration
- Strong analytical experience on HP-Uinx and OMS system

Thank you for your time and consideration.

Sincerely,

Briar Marvin
