

SAP Basis Cover Letter

948 Erik CampEast Aron, NC 31518-3556

Dear Spencer Bode,

In response to your job posting for SAP basis, I am including this letter and my resume for your review.

Previously, I was responsible for operational Excellence for Technical Delivery in the areas SAP Basis, Solution Manager, Monitoring, Portal, Oracle Database, understanding and if required developing Unix-Shell and Scripting and other infrastructure elements.

Please consider my experience and qualifications for this position:

- Apply SAP corrections like kernel update and patches
- Perform System refreshes, capacity planning and database administration
- Perform/Participate in installation, configuration, administration, upgrades for ECC, BOBJ, BPC, BW, CRM and Solution Manager
- Troubleshoot/Monitor/Enhance SAP systems monitoring using SAP Solution Manager
- Develop/Improve SAP Security Roles to best support the business requirements
- Adhere to service-level agreements and ITIL practice
- Perform/Maintain/Improve Documentation of SAP Application
- US Citizen, able to acquire security clearance

I really appreciate you taking the time to review my application for the position of SAP basis.

Sincerely,

Lennox Emmerich
