SAP Basis Cover Letter

224 Moen RapidHoppebury, WV 22654

Dear Reese Collins,

I submit this application to express my sincere interest in the SAP basis position.

In my previous role, I was responsible for guidance on SAP cloud migration, work with vendors like SAP, Deloitte in designing and building infra for 1ERP, One Sourcing, One Planning initiatives.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Thorough knowledge of database management with Oracle
- Experience performing Backups, Restores, System Refreshes, and managing data dictionary
- Strong documentation, analysis, and problem solving skills
- Experience in running SAP in a Clustered environment
- TDMS experience would be beneficial
- Experience with ETL and Data Warehousing best practices and effects on an SAP environment
- Running SAP in a Disaster Recovery scenario would be an asset
- Communicate in a professional manner when interacting across staff levels and internal/external customers

Thank you for your time and consideration.

Sincerely,

Rowan Huel
