

# SAP BI Cover Letter

247 Annelle Courts Reingerborough, OH 89113-6191

**Dear Lennox Tromp,**

I would like to submit my application for the SAP BI opening. Please accept this letter and the attached resume.

Previously, I was responsible for expert level support for the SAP HANA and SAP Business Intelligence/Data Warehousing (BI/BW) module and portal including configuration and enhancement requests from the user community and company management.

Please consider my experience and qualifications for this position:

- Applied knowledge in the design, development/configuration needed to effectively implement and maintain the SAP BW system at 7.0 and above Release Level
- Reporting knowledge (BEX/WAD)
- ABAP hands on knowledge – datasource enhancements, START/END/Customer Exit routines
- Good knowledge of SAP BI, BPC (both Classic and Embedded), and the BI-IP functionality
- Seeks out new opportunities that require risk taking
- Interact with the process owners to develop BW reports primarily using Business Explorer (BEx)
- Analyze and communicate report development issues, including problems with data integrity, data design, and functional and technical software issues
- Mastery of development tools, such as SAP BW and Business Object

**Thank you for your time and consideration.**

Sincerely,

Greer Kuhic
