

# SAP BI Cover Letter

16642 Larkin Valley Gleichnerfurt, NC 09163

**Dear Emerson Armstrong,**

In response to your job posting for SAP BI, I am including this letter and my resume for your review.

In my previous role, I was responsible for in-depth knowledge of and extensive hands-on experience with SAP BW, with a concentration in data modeling and data warehouse design.

Please consider my qualifications and experience:

- Knowledge of the HANA Cloud Platform or the HANA Platform
- General knowledge of the SAP ECC platform
- Knowledge of SAP Solution Manager (ChaRM), an asset
- Has experience working on creating Bex Reports , BW Data Models , Extraction and ABAP related to BW
- Understanding of S/4 Analytics and challenges of implementation
- BW Data modeling skills – Info cubes , DSOs , Transformations , Multiprovider, Process chains
- Basic extraction knowledge from SAP and non SAP sources – FI, LO and generic extraction
- HANA modeling skills – Analytical/Calculation views , Procedures, Input parameters , Variables

**Thank you for considering me to become a member of your team.**

Sincerely,

River Kuhic
