SAP BI Cover Letter

388 Miller FallHumbertofurt, NH 33201-3813

Dear Marion Gerlach,

Please consider me for the SAP BI opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for support for entire BW process, from extraction to end-user reporting, developing and maintaining extractor and update programs, managing aspects of business data from ECC and source systems into BW, and performing BW environment analysis and tuning.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Strong expertise in BEX query development
- Strong understanding of SAP end-to-end data flows and interactions between one SAP module and others
- Knowledge of SAP ISU for Utilities Solution
- Custom ABAP development skills
- Web Services development experience with BW
- Experience in SAP BO 4.1
- Depth of experience in the SAP BI/BW, including at least 4 implementations
- Deep understanding of the development lifecycle and best practices in SAP BI/BW implementations

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Jordan Hoeger
