Dear Zion Larson,

In response to your job posting for SAP BI, I am including this letter and my resume for your review.

Previously, I was responsible for operational support for the data warehousing environments, including quarantine maintenance, troubleshooting, monitoring and resolving bugs and production issues in a timely manner.

My experience is an excellent fit for the list of requirements in this job:

- Experience of complex landscapes integrating R/3, BW, SCM, SRM, GTS, etc
- Customer service oriented, flexible and open minded
- Mastery in English both in oral and written communication
- Experience and expert knowledge of SAP HANA is preferred
- Min intermediate level of English, Fluent Ukrainian & Russian
- Trade Management Process and SAP BI HANA/TPM/CRM technology at a high level to be able to successfully lead the teams
- Strong understanding and experience with SAP BI BOBJ reporting and analytical tools such as Universes/InfoView/Webi, Dashboards and Crystal Reports
- Advanced knowledge of BW Extractors from the SAP system

Thank you for your time and consideration.

Sincerely,

River Heller
