

SAP Business Intelligence Cover Letter

17475 Bobby GlensMarquardtville, FL 78542-7491

Dear Zion McCullough,

Please consider me for the SAP business intelligence opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for production support for business management for the FI/CO modules in SAP.

Please consider my experience and qualifications for this position:

- Working on new projects and building solutions and reports
- Managing (indirect) mixed development teams of full-time employees and contractors in both onshore and offshore models
- Supporting BW reporting requirements and enhancements
- Strong SAP Business Intelligence understanding, S/4HANA or SAP Hana Enterprise experience preferred
- Proven experience defining enterprise wide reporting standards and frameworks, Dashboard Design and BI Content Management Governance
- Experience with Release and Deployment Management across multiple projects associated with SAP Business Intelligence
- Experience with requirements definition and functional design associated with SAP BI projects
- Deep understanding of data warehousing and business intelligence concepts

Thank you for your time and consideration.

Sincerely,

Onyx Torp
