

SAP Developer Cover Letter

462 Zieme ForgesMullerville, WA 56308

Dear Tatum Auer,

I submit this application to express my sincere interest in the SAP developer position.

In the previous role, I was responsible for leadership and direction to the ABAP Development team– Driving the team to a high performing status through continuous improvement.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Good understanding in ECC System
- Understanding in SAP UI5 – Preferred
- Understanding in Finance Terminology – Preferred
- Expertise managing services in the Enterprise Services Repository
- Experience configuring in the Integration Builder and System Landscape Directory
- Experience building reports, interfaces and enhancements using ABAP/Object Oriented ABAP and the ABAP Workbench, leveraging core functionality such as Proxies, Function Modules, BAPIs, BADIs, BDCs, ALV and User Exits/Enhancement Spots
- Experience with a recent SAP green field implementation
- Familiar with standard programming concepts

I really appreciate you taking the time to review my application for the position of SAP developer.

Sincerely,

Tatum Simonis
