SAP Developer Cover Letter

77569 Yost StreetO'Reillychester, MD 10237-1275

Dear Robin Funk,

Please consider me for the SAP developer opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for functional Specifications for solutions that require development and work with the ABAP team and track developments to closure.

Please consider my qualifications and experience:

- Results-oriented, self-starter, capable of working independently and within a team environment in order to meet deadlines, default pro-active, "get-it-done" approach
- Discernment to distinguish issues critical to overall organization drivers from those not
- Experience of implementing SAP MII and MES using Software developer's toolkit (SDK) NetWeaver (Version 7) for development
- Experience working in an Agile-Scrum / DevOps environment
- Previous experience in integrating SAP ME with SAP ERP using SAPMII
- Experience in developing systems requirements, designing and prototyping, testing, training, defining support procedures and implementing practical business solutions under multiple deadlines
- Design/Develop functionalities requested by business
- Organize, Analyze and Deliver stable solutions/tools with optimized performances

Thank you for your time and consideration.

Sincerely,

Armani Jacobi
