SAP SCM Cover Letter

97097 Carroll LoopEast Chungport, OH 36713-9498

Dear Sam Cummerata,

I would like to submit my application for the SAP SCM opening. Please accept this letter and the attached resume.

Previously, I was responsible for maintenance and support for complex customer problems for the SAP Supply Chain Management (SCM) component Extended Warehouse Management (EWM).

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Working knowledge of interface with external systems
- Basic knowledge of Project Management methods, tools and application development process
- Think strategically to contribute to respective practice growth via new techniques, services delivery, technology advancement
- Recognized as an industry / technology leader
- Contributor to practice development activities including speaking at conferences, colleges and seminars, contributing white papers, published articles, attend user group meeting, chamber of commerce events
- Translate specialized or ambiguous business requirements for medium to high complexity design specifications for process, data, or technology areas in countries
- Experience with SAP Solution Applications (MM-LE)
- Experience troubleshooting and resolving operational SAP PP and or SAP MM issues Experience with SAP interfaces to third party systems design, test, troubleshoot

Thank you in advance for reviewing my candidacy for this position.

Sincerely,
