

SAP Security Analyst Cover Letter

344 Nathan CapeCarrollborough, MD 72277

Dear Shae Jerde,

I am excited to be applying for the position of SAP security analyst. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for administration to the SAP GRC solution including but not limited to rule set maintenance, mitigating control maintenance and workflow maintenance.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Ongoing support, development and maintenance of the future governance, risk and compliance solutions
- SAP application security testing and problem resolution
- Relevant experience in managing and providing security to ERP, HCM and SAP Portal solutions, including segregation of duties management and resolution
- Knowledge and experience of configuring, maintaining and operating SAP GRC AC (ideally 10.1)
- Good general understanding of ERP applications and SoD principles
- Clear and concise interaction and communications with individuals and groups at all levels
- Knowledgeable in Computer Incident Response
- Strong leadership, excellent verbal and written skills and excellent interpersonal skills

Thank you for considering me to become a member of your team.

Sincerely,

Shiloh DuBuque
