

Satellite Technician Cover Letter

7695 Scotty KeysJenkinsstad, UT 78450

Dear Onyx Bradtke,

I would like to submit my application for the satellite technician opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for basic hand tools preferred, but not required.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Satellite systems from 1 to 5 meters (X, C, Ku, and Ka Bands)
- Technical certification (CCNA, CCDA, CCNP or CCDP)
- Experience in Radio Frequency (RF) and satellite communications disciplines
- Network specialized formal training, platform specific vendor training, PC applications formal training and education or experience with spreadsheets, text processing, data base and network communications
- Active Department of Defense (DoD) TS/SCI U.S. Government security clearance
- Top Secret (TS) clearance with SCI eligibility determination
- Experience managing and supporting iDirect Hub solutions, TCP/IP, general networking concepts, and strong knowledge of SATCOM/RF concepts
- Experience with site surveys, satellite acquisition, installation, configuration and troubleshooting tactical VSAT

Thank you for your time and consideration.

Sincerely,

Quinn Roberts
