

Satellite Technician Cover Letter

12796 Hettinger SummitLake Wilmermouth, KY 24036-1959

Dear Oakley Jacobs,

I would like to submit my application for the satellite technician opening. Please accept this letter and the attached resume.

Previously, I was responsible for trade school or military training in electronics or communication systems.

Please consider my experience and qualifications for this position:

- Electro-mechanical assembly and prototype development experience
- Solar module production experience
- Composite experience (handling, layup, vacuum bagging, cure)
- Experience maintaining and programming automated manufacturing equipment
- Experience in fast-paced production environment with high quality requirements, military, aerospace, or medical industry
- Aviation mechanic certificate
- Experience in planning and system management of large modern military communication networks, interfaces and protocols
- A very good understanding of telecommunications/network/information technology solutions and products

Thank you for taking your time to review my application.

Sincerely,

Charlie Wunsch
