

Scholar Cover Letter

56499 Zemplak Lodge Kihnfurt, MT 11888-6008

Dear Lennox Koss,

I would like to submit my application for the scholar opening. Please accept this letter and the attached resume.

Previously, I was responsible for analysis and feedback about experimental results to supervisors, highlighting important results and defining next step experiment;.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Occasional repetitive motion, occasional lifting of objects up to 35 lbs
- Ph.D in Biochemistry, Molecular Genetics, Developmental Biology, or related fields
- Background in Arabidopsis genetics, developmental biology, or specialized metabolism
- A broad, interdisciplinary knowledge base in the areas of dermatology and toxicology
- Demonstrated scientific productivity
- Experience/Skills in molecular and biochemical techniques including cell culture, keratinocytes and fibroblasts isolation from human tissues, performing 3D skin models, cryopreservation, cytotoxicity assays, microscopy, quantitative RT-PCR, multiplex technology based readouts (MagPix technology), and immunohistochemistry
- Be a U.S. citizen or Legal Resident
- Completion of a residency program accredited by the Accreditation Council for Graduate Medical Education (ACGME) or the Bureau of Professional Education (BPE) of the American Osteopathic Association

Thank you in advance for taking the time to read my cover letter and to review my resume.
