

# Security Account Manager Cover Letter

10705 Lucie GlenNew HerManchester, MI 82480-0489

**Dear Bellamy Douglas,**

I am excited to be applying for the position of security account manager. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for education and coaching to support the Security Awareness Program for new hires and monthly security communications to all bank end-users.

Please consider my experience and qualifications for this position:

- Experience in the PETROCHEM Industry
- A current TWIC card
- Familiarity with MARSEC guidelines and implementation
- Strive to become a trusted advisor to the client, either providing expert technical advice themselves, or bringing in subject matter experts where appropriate from both within and outside DXC
- Create client specific Account Security plan, handbooks and supporting documentation
- Work with the DXC Service Delivery Executive on Security Service delivery and security operational matters, and directly support the Account General Manager on security and compliance matters affecting the account
- Coordinate investigation, management, and response to all security incidents with impacts to the account and keep apprised of all security incidents and response in other regions
- Provides oversight of DXC user account administration, Identity and Access management services, validates access credentials and reviews access control list eligibility

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,
