Dear Dallas Legros,

Please consider me for the security account manager opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for security support to end-users and work with application and functional teams to encourage a security mindset throughout the product development processes from concept to testing and implementation.

Please consider my experience and qualifications for this position:

- Strong General Motors, quality and results orientated
- Working knowledge of card access, security and safety systems
- Knowledge of English language is minimum
- Proven experience of security management experience, personally delivering security advice and guidance to clients
- Confident communicator with a high level of experience in front of customers and helping develop new business opportunities
- Demonstrable in-depth experience of delivering security in a public sector environment
- Willingness to travel to customer sites across the UK and occasionally overseas
- Basic understanding of cyber security industry and trends

Thank you for your time and consideration.

Sincerely,

Dallas Koss
