

Security Delivery Specialist Cover Letter

63088 Gil CrestWest Rusty, CT 41318

Dear Rory Herman,

I am excited to be applying for the position of security delivery specialist. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for demonstration of IBM credentials in Security Strategy, Risk and Compliance (SSRC) as well as a good understanding of enterprise risk management, operational risk management, risk governance and IT security.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Very strong scheduling troubleshooting skills
- Familiarity with MTSA regulated facilities is preferred
- NREMT Basic certification is preferred
- Industrial fire fighter certification and / or fire fighter I and II certification is preferred
- Experience with industrial security responsibilities is preferred
- Review business need for all access and deviations ensuring the effective granted access will match the requirements of the ID owner's assigned role AND approving / revalidating / rejecting User ID and privilege access requests
- Experience in RSA deployment, troubleshooting, security and tools like ActivClient
- Basic excel functions knowledge

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,
