

# Security Delivery Specialist Cover Letter

9582 Janean FortEast Shonta, WV 07980-7967

**Dear Armani Torp,**

I am excited to be applying for the position of security delivery specialist. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for security planning, assessment, risk analysis, and risk management, and recommends system-level solutions to resolve security requirements.

My experience is an excellent fit for the list of requirements in this job:

- Experience or interest in information/ cyber security
- Basic understanding AI education with computer network penetration testing and techniques
- Assist in creating basic log sources, implementing basic out of the box rules, dashboard
- Understanding of DoS attacks mechanism of IPS
- Experience / Understanding of Security Incident Management/Cyber Kill Chain
- Strong interest or experience in Security Operation Centre (SOC) work procedures/ processes & roles and responsibilities
- Expertise in handling industry standard risk, governance and security standard methodologies and incident response processes (detection, triage, incident analysis, remediation and reporting)
- Security certifications - CEH, Security+, GSEC, GCIH, etc

**I really appreciate you taking the time to review my application for the position of security delivery specialist.**

Sincerely,

Emery Berge
