

# Security Delivery Specialist Cover Letter

17038 Carina Drive New Kelli, WV 01846-4567

**Dear Tyler Marvin,**

I am excited to be applying for the position of security delivery specialist. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for support for Information Security requests: Review security policy clarifications and exception requests; lead Security projects; triage general security questions from other internal teams.

Please consider my experience and qualifications for this position:

- Process Automation in Manufacturing
- Expertise in build and implement security hardening parameters for newly developed software, OS/ Middleware/ Database and perform periodic scanning
- Proven knowledge in Security Governance, Planning and Advisory for new offering
- Demonstrable experience in consultation on industry regulatory standard such as HIPAA, FFIEC, PCIDSS, etc and GDPR
- Proven knowledge on service management (ITIL) practice to implement robust IPC processes and server deployment /decommissioning along with Knowledge on Business Continuity / Disaster recovery process for application
- Manage Security Metrics and Governance meeting for Projects & Business Unit level
- Capable to work as single point of contact for all Security & Compliance related consultation
- Experience in PaaS /SaaS cloud offering, awareness of DevSecOps and Agile methodologies

**Thank you for taking your time to review my application.**

Sincerely,
