

Security Operations Specialist Cover Letter

68210 Adams Rapids Sauerburgh, MN 35551

Dear Lennox Schumm,

In response to your job posting for security operations specialist, I am including this letter and my resume for your review.

In my previous role, I was responsible for and coordinates departmental training, to include specialized training such as de-escalation techniques, bike patrol, and handcuff training.

Please consider my qualifications and experience:

- SOC processes and procedures workflow design
- SOC tools research
- SOC Consultant/SME
- Intermediate knowledge of Linux operating systems such as RHEL
- Experience in creating work instructions and/or Standard operation procedure
- Thorough understanding of HIPAA and FDA security controls
- Prior experience with network security (Firewalls, Secure Gateway, Network Encryption)
- Prior experience with Security Information and Event Management (SIEM) operations

Thank you for considering me to become a member of your team.

Sincerely,

Reese Anderson
