

Security Operations Specialist Cover Letter

685 Bogan Key South Frederickfort, PA 96782

Dear Emerson Gleason,

I would like to submit my application for the security operations specialist opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for advice and assistance to the Regional Security Advisor on aspects of security, operations and emergency coordination throughout the region.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Understanding of governance – ISO, SSAE, PCI, SOX
- Experience with security testing tools and capabilities – Nessus, Nikto, Burpsuite, Qualys
- Experience creating and maintaining facility/access badges
- Experience working with badging and/or security clearance processing
- Access control and badging
- Badging software programs
- Processing visit requests
- Operation of a Customer managed security environment including Incident and Problem Management (the technologies used include PGP, Log Management, Proxy IronPort, Palo Alto, Anti Virus)

Thank you for considering me to become a member of your team.

Sincerely,

Royal Rippin
