Senior Admin Cover Letter

35587 Schroeder ManorBongside, CO 54203

Dear Emery Welch,

I submit this application to express my sincere interest in the senior admin position.

In my previous role, I was responsible for financial analysis of department budgets, including variance analysis and risks and solutions and operational needs.

Please consider my experience and qualifications for this position:

- Preferred understanding of programming logic and constructs, specifically in Salesforce, Force.com, Apex Code, Visualforce, triggers and their use in software development
- Proven understanding of the Salesforce product suite, including Sales, Service, Community, and Marketing Clouds, the Force.com Platform
- Experience in building and supporting message bus like RabbitMQ , ActiveMQ or IBM MQ
- Diagnose production problems on Unix host leveraging standard debugging tools for hardware, CPU capacity, memory, network, and I/O
- Ensure Unix systems are maintained to the established baselines to eliminate single points of failure to comply with internal and external regulatory controls
- Support of End of Life, quarterly OS patching, and DR test initiatives
- Knowledge of Solaris 10 is highly desirable although greater focus on Linux as a growth area
- SME knowledge of storage multipathing (PowerPath, VxDMP, RedHat DM)

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Dallas Cartwright
