

# Senior Analyst Regulatory Cover Letter

4066 Runolfsson Manors West Cleoraland, NC 47454-1868

**Dear Casey Kemmer,**

In response to your job posting for senior analyst regulatory, I am including this letter and my resume for your review.

Previously, I was responsible for expertise in applicable industry standards and regulations including, but not limited to as IEC 62304, FDA guidance, FDA Part 11, ISO13485, ISO14971, IEC 62366-1.

My experience is an excellent fit for the list of requirements in this job:

- Support the development of the Test Plan for User Acceptance Testing (UAT)
- Prepare, coordinate, support and report the UAT execution and support defect triage and resolution
- Ensure overall deliverables quality and adherence requirements process
- Business Operational Support
- Help create post implementation solution support procedures and troubleshooting
- Experience working as a Business Analyst within the financial services industry
- Experience working with vendor products configured and integrated in overall solutions and in-house developed solutions
- Experience in Information Technology in all phases of the systems development lifecycle in a Waterfall and Agile methodology

**Thank you for considering me to become a member of your team.**

Sincerely,

Max Larkin
